

Satellite Symposium  
**Citrate anticoagulation:  
More than clotting prevention in CRRT**

**5<sup>th</sup> Symposium ExtraRenal Therapy in Intensive Care**

**Date:** Thursday 11 Dec. 2008  
12:35 - 14:00

**Chairperson:** Dr. M. Monchi (Massy, France)

**Location:** Amphithéâtre

**Lectures and Speakers:**

- **Anticoagulation: The Achilles heel in CRRT**  
*Prof. R. Robert (Poitiers, France)*
- **The Berlin citrate anticoagulation protocol:  
Safe and easy**  
*Dr. T. Slowinski (Berlin, Germany)*
- **Application of citrate anticoagulation in high  
dose CRRT**  
*Prof. D. Kindgen-Milles (Düsseldorf, Germany)*

# Ci-Ca – The way to safe citrate anticoagulation

- Integrated citrate and calcium pumps
- Safely controllable anti-coagulation, also for patients with high bleeding risk
- Device-assisted calcium management
- Active influence on the acid-base status
- Selfexplaining user interface
